

Virtual Academy Training Modules

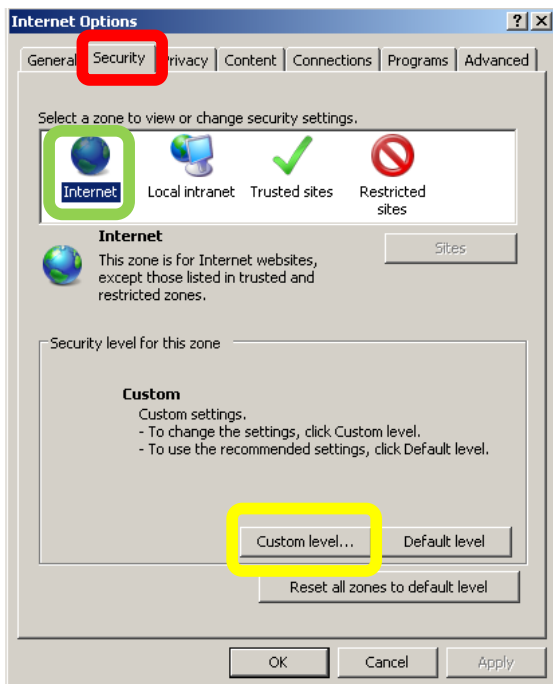

Internet Explorer Pop-up Blocker Settings

If you are having difficulty with the embedded documents within Virtual Academy Training Modules launching in your Internet Explorer window, there may be additional pop-up blocker settings that need to be adjusted on your computer.

- 1) In your Internet Explorer window, click the “Tools” pull-down menu and select “Internet Options”.

- 2) In the dialog box that appears, click the “Security” tab.

Be sure that “Internet” is selected as the zone for which you want to change security settings.

- 3) Click the “Custom Level” button.

- 4) Scroll down the Security Settings list to "Downloads".
- 5) On the option for "Automatic prompting for file downloads", click "Enable".
- 6) Click OK.
Then click OK once more to save these changes.
